

Year 8 Topic list for the Year End July exam 2026

- Nutrition and lifestyle
- Circulatory system
- Cells
- Structure of leaves
- Periodic table
- Chemical reactions*
- States of matter (including state symbols*)
- Balancing equations
- Nuclear model (of an atom)
- Setting up experiments
- Relative mass/ charge of subatomic particles
- Electron shell diagrams
- Relative formula mass calculations
- Particle theory (including how it's affected by factors, e.g.: temperature)
- Types of energy and energy changes (energy transfers)
